Kathy, we are now definitely good with identifying [Ex. 6 - Personal Privacy] data as HW-06 to PADEP. I'll leave it for you to do that or ask Karen Johnson to pass it along to Scott Perry.

We are still working on getting releases from residents that would allow for the identification of their specific isotopic methane data to PADEP.

Any questions, just let me know. Thanks, dennis.

I just spoke with [Ex. 6 - Personal Privacy] and he is fine with EPA providing his data (identifying him as HW-06) to DEP.

thanks
